

Week of May 3 - May 7

MRS. SALAS'
CLASS NEWS

A look ahead..

Next week, we will continue looking at balanced and unbalanced forces. We will be looking for patterns of motion in our everyday world and thinking about how they help us predict motion. In reading, we will be using nonfiction texts to help us gather key details about how people use patterns of motion in their everyday life. In writing, we will be learning some new writing strategies to help us vary our sentences to make our writing interesting and flow better. In Math, we will be learning about place value relationships.

Upcoming Dates:

5/12 Late Start
5/14 No School
5/28 Early Release
5/31 No School
6/2 Last Day of School

A message from Mrs. Salas

Thank you for the wonderful teacher appreciation surprises! It was much appreciated.

Shout Outs!!!!

We presented our regions project this week. It was fun to see all of the creativity and effort everyone put into their projects!
